Chair Lift Chat from the Prez

Kicking it off with an exciting Ibex announcement. Congratulations to John Graves and his Fiancée Jen! They have recently gotten engaged and I know we all want to wish them a wonderful future.

The snow has started to fall out west with some areas getting 10 inches or more and others beginning to build up their base. Let's hope Mammoth, Snowbird, and Keystone are getting some since those are the first trips out west this year. There is still time to get on a trip or two as Mammoth, Snowbird, Keystone, Devils Head and Big Sky have limited spots left or the potential to add spots. Don't miss out on an opportunity to get away!

Once again, a huge thank you Ed Fee for hosting all our Zoom meetings! Thank you to our activity leaders for stepping up to plan some great socially distanced outings... to John Graves for running Richardson's Farm...I heard it was a lot of spooky fun. Also, to Pam Chiechi for setting up the Volo Bog Tour which is about to happen.

We continue to look for other appropriate events for the group so we can catch up with each other including the Wednesday night before Thanksgiving. With all the new restrictions we may not be able to have our annual Thanksgiving Eve get together...if you have any suggestions just let us know as all ideas are welcome.

I hope everyone has a safe and Happy Thanksgiving.

Joe Kelley, Ibex President

TRIP EDITION—2020/2021

Trip Insurance

Trip insurance is highly recommended! And if you want to be covered for pandemics (like COVID-19), you will want to purchase **Cancel for Any Reason (CFAR)** insurance. Fewer companies are offering this type of policy given COVID-19 and you will want to do your own research. Ibex does not endorse any particular company but the below companies offer CFAR (in addition to the Travel+Leisure link in Lynn's article):

- AIG Travel Guard: <http://travelguard.com>
- AXA Assistance: <https://www.axatravelinsurance.com/inithome>
- John Hancock: <https://www.johnhancocktravel.com/>
- Travel Insured: <https://www.travelinsured.com>
- USI Affinity: <https://www.usiaffinity.com/tai-ind/personal/travel-insurance/>

Important note: You will need to check your individual policy, but generally, CFAR needs to be purchased **within 14-21 days of making your initial deposit** and you must cancel at least 48 hours prior to the start of the trip. Trip insurance is an individual decision but in light of the last 6 months, it is worth considering.

Other travel insurance companies who offer general policies (non-CFAR) are:

- Berkshire Hathaway Travel Protection: <https://www.bhtp.com>
- Travel Protectors, LLC: <http://www.travelprotectors.com>
- World Nomads: <https://www.worldnomads.com/>

Hey, Ho Let's Go! Sign Up for this trip, NOW! Contact snowbird-leader@skiibex.com to express interest in this trip. Jean can answer any questions and give any details you do not see in this article. This will be a great trip, but we need at least 5 more people to make it a go!

Snowbird is the place to be February 2021. Snowbird is the 2nd snowiest place in the USA in February. Alta gets most February snow. Alta is next door. Utah is the place to be in February!!

I know, we are living in a different world. There is much uncertainty. I do know that I am ready to travel! I know I want to be safe. Personally, I think skiing in Utah come February will be a good place to travel.

Utah has a lower density population. Snowbird is very large! Snowbird traditionally has low crowds during the week. Our ski days are 3 of 4 during the week! Plus, Sunday is usually lower density later in the day. We have a short, non-stop flight. Bus commute is short <45 minutes. Cliff Lodge is a world class property. The Cliff Lodge is extremely pro-active with their [Health & Safety Measures](#). The Cliff is also a summer destination, so Cliff Lodge has been operating, successfully, all summer!

Ibex has worked with our trip provider and has a Covid clause in the contract. Trip insurance is available through Insurance companies. Cancel for Any Reason Trip Insurance is available to purchase on your own. General information on this type of insurance is in this newsletter. Please contact snowbird-leader@skiibex.com or ibextrips2020@skiibex.com for more information regarding Covid. The [Ibex Trip Policy](#) identifies the club's refund policy.

I am confident that we are going to be able to travel safely. Wear a mask, practice social distancing, encourage family, friends, etc. to do the same. We have to work together while staying safely apart. Together we got this!!

So now you know why I am so excited about the Snowbird trip and why I think travel will be safe and a welcome rescue from the drudgery of my couch and limited travel. Below are more details and amenities for the Snowbird trip.

Amenities:

- Apres ski welcome reception
- Heated outdoor pool, 3 hot tubs
- Discounted access to Cliff Spa (details TBD)
- Complimentary ski lockers,

TRIP EDITION—TRAINING

Time to Get Ready for Ski & Adventure Season

The Trip Sign Up Party is this week and now is the time to plan that ski or adventure trip you have been waiting for.

If you are skiing, snowboarding, hiking, snowshoeing, curling, sledding or any activity, now is the time to get those muscles and mindset ready. I will post links (below) for the next few months along with having our very own Ski Director—Chuck Binzel provide some additional tips and schedule for ski/snowboard lessons held at Wilmot Mountain this winter.

With that, have fun with your workout inside or outside but remember to be safe. Drink plenty of water.

ACTIVITY RECAP

Richardson's Farm Event

By John Graves

On Saturday October 24th, Ibex returned again to Richardson's Adventure Farm in Spring Grove, IL. We had 15 attend a very cool and star filled evening. Our base camp was set up with food, drink, snacks and a warm cozy campfire for those traveling to the corn maze and farm activities. We were able to social distance our lawn chairs around the fire and roast marshmallows. Jen's friends from Brazil grilled up some Argentinian style sausages with homemade chimichurri sauce, very tasty.

Overall, everyone had a great time sharing stories and making some new ones at our third event at Richardson's Adventure Farm and look forward to next year.

CMSC UPDATES

CMSC Board, Members and Clubs,

Our training center has seen an increase in new athletes. We currently have 25-30 kids on our small hills (5-25m) that's as many as I've seen in my 15 years with the club. Great problem to have and we want the trend to continue! We strive to update and maintain our facilities and equipment to the highest level, these goals go directly to the attraction, retention and safety our athletes.

We are in need of updating and adding to our equipment. We do our best to supply our junior athletes with skis, boots, and bindings. All of our equipment is sourced in Europe, and is difficult for new families to acquire on their own. It's a great benefit to our athletes and families to have quality equipment in house, without this equipment it is doubtful we would be able to attract and retain kids in the program.

With your help we will buy new equipment that is much safer for our juniors. Please consider making a donation, the CMSC board has generously agreed to match funds up to \$2500 raised from CMSC's member clubs.

Let's keep the Olympic dreams alive for the next generation.

Donation options: Go to our website www.norgeskiclub.com and use the PayPal button (can use credit card), Checks can be sent to: Norge Ski Club, PO Box 31, Fox River Grove IL 60021.
