With Covid 19 slowly improving Ibex has been getting busier. August started with the Trip sign up party, then bar of the month and a Golf Outing. Lynn Dean did a fabulous job setting up the trip sign up party and keeping everyone safe. Thanks to Pam Chiechi for running the golf outing. It was a sell out and I heard that everyone enjoyed the event.

In September we have a bike ride around Lake Geneva (more info in the newsletter and at Skiibex.com). Please also, look at all the great trips we have for next year. There are spots available on most trips so take advantage of the opportunity and schedule some fun! Everyone needs something to look forward to and we would love to see you on a trip.

We will continue to have meetings via Zoom to keep us all healthy and safe so if you want to join for an hour please do so and catch up with some friends. It is always the first and third Wednesday of the month at 8pm. Just watch for an email with the link to join the group. Ed Fee has been very kind in setting all the zoom meeting up....thank you Ed!!

If you have any ideas for a Covid safe event please share your ideas with any board member.

I look forward to seeing you all soon-stay safe,

Joe Kelley, President

TRIP EDITION—2020/2021

Hi Fellow Ibexers,

We are a little over four months away from our first ski trip! Please keep your fingers crossed for a decline in COVID-19 cases.

Our trip sign-up event was held August 5th at Chandler's. Thank you to everyone who helped out with set-up, clean-up, membership and trip sign-ups. And a big thanks to the EB, BOD and the trip leaders! About 40 members attended the event – all with masks and good social distancing. Overall, I think our sign-ups were pretty good given the current situation. In talking to our trip providers and hearing from other clubs, we may be doing a bit better than others.

We have openings on all of our **ski trips** so if you are interested, please let the trip leader or me know.

Trip Insurance

Trip insurance is highly recommended! And if you want to be covered for pandemics (like COVID-19), you will want to purchase **Cancel for Any Reason (CFAR)** insurance. Fewer companies are offering this type of policy given COVID-19 and you will want to do your own research. Ibex does not endorse any particular company but the below companies offer CFAR (in addition to the Travel+Leisure link in Lynn's article):

- AIG Travel Guard: <http://travelguard.com>
- AXA Assistance: <https://www.axatravelinsurance.com/inithome>
- John Hancock: <https://www.johnhancocktravel.com/>
- Travel Insured: <https://www.travelinsured.com>
- USI Affinity: <https://www.usiaffinity.com/tai-ind/personal/travel-insurance/>

Important note: You will need to check your individual policy, but generally, CFAR needs to be purchased **within 14-21 days of making your initial deposit** and you must cancel at least 48 hours prior to the start of the trip. Trip insurance is an individual decision but in light of the last 6 months, it is worth considering.

Other travel insurance companies who offer general policies (non-CFAR) are:

- Berkshire Hathaway Travel Protection: <https://www.bhtp.com>
- Travel Protectors, LLC: <http://www.travelprotectors.com>
- World Nomads: <https://www.worldnomads.com/>

Hey, Ho Let's Go! Sign Up for this trip, NOW!

Snowbird is the place to be February 2021. Snowbird is the 2nd snowiest place in the USA in February. Alta gets most February snow. Alta is next door. Utah is the place to be in February!!

I know, we are living in a different world. There is much uncertainty. I do know that I am ready to travel! I know I want to be safe. Personally, I think skiing in Utah come February will be a good place to travel.

Utah has a lower density population. Snowbird is very large! Snowbird traditionally has low crowds during the week. Our ski days are 3 of 4 during the week! Plus, Sunday is usually lower density later in the day. We have a short, non-stop flight. Bus commute is short <45 minutes. Cliff Lodge is a world class property. The Cliff Lodge is extremely pro-active with their [Health & Safety Measures](#). The Cliff is also a summer destination, so Cliff Lodge has been operating, successfully, all summer!

Ibex has worked with our trip provider and has a Covid clause in the contract. Trip insurance is available through Insurance companies. Cancel for Any Reason Trip Insurance is available to purchase on your own. General information on this type of insurance is in this newsletter. Please contact snowbird-leader@skiibex.com or ibextrips2020@skiibex.com for more information regarding Covid. The [Ibex Trip Policy](#) identifies the club's refund policy.

I am confident that we are going to be able to travel safely. I think the Public Health response in the USA is starting to come together. In the last two weeks, there have been some significant breakthroughs in rapid tests which allow contact tracing and quarantining of infectious individuals. The University of Illinois saliva test and the Abbott rapid test are two game changers in the fight versus the Covid 19 virus. Wear a mask, practice social distancing, encourage family, friends, etc. to do the same. We have to work together while staying safely apart. Together we got this!!

So now you know why I am so excited about the Snowbird trip and why I think travel will be safe and a welcome rescue from the drudgery of my couch and limited travel. Below are more details and amenities for the Snowbird trip.

- Apres ski welcome reception

- Discounted access to Cliff Spa (details TBD)

Time to Get Ready for Ski & Adventure Season

The Trip Sign Up Party is this week and now is the time to plan that ski or adventure trip you have been waiting for.

If you are skiing, snowboarding, hiking, snowshoeing, curling, sledding or any activity, now is the time to get those muscles and mindset ready. I will post links (below) for the next few months along with having our very own Ski Director—Chuck Binzel provide some additional tips and schedule for ski/snowboard lessons held at Wilmot Mountain this winter.

With that, have fun with your workout inside or outside but remember to be safe. Drink plenty of water.

Lake Geneva Bike Tour

September 19, 2020

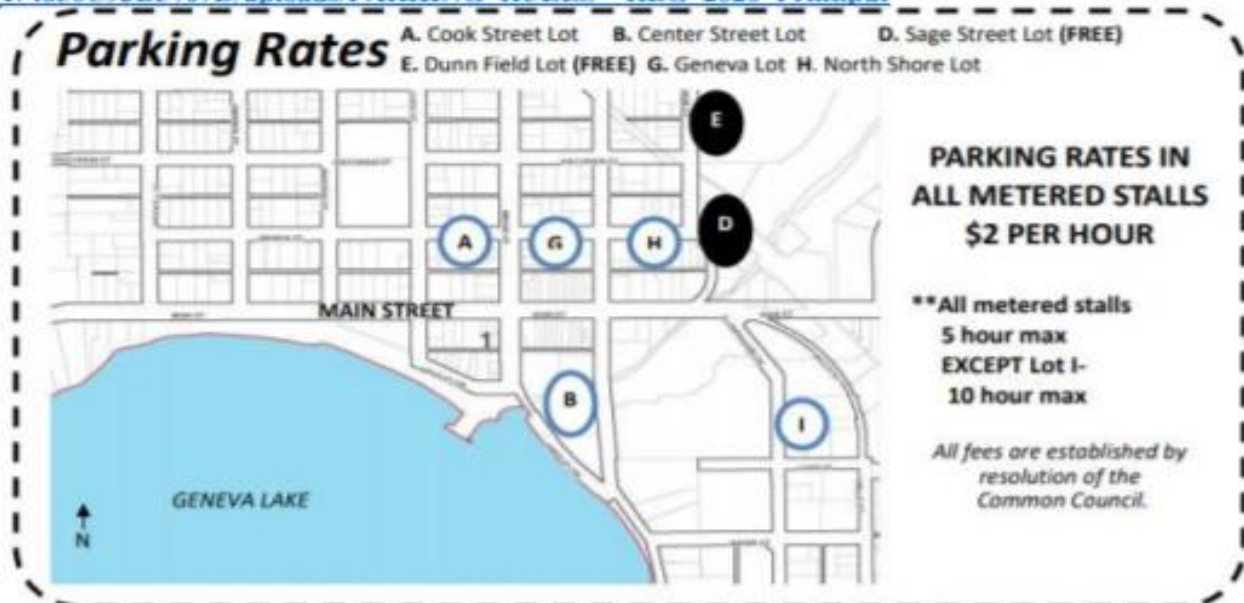

THIS IS AN ALL DAY EVENT – START time depends on what you want to do:

- **Want some BREAKFAST before the ride?** We will meet (outside) for coffee/light breakfast at **Starbucks** (885 W. Main Street, Lake Geneva) **around 9:30a.**
- **No Breakfast: Just want to ride?** We'll meet in the parking lot behind **Champs** (747 W. Main Street) **READY TO RIDE at 11:15am.**
- **THIS RIDE IS SOCIAL!** The purpose is to be outside, enjoy the company of friends in good scenery with a bit of biking and beverages in between.

PARKING: Parking fees in the metered parking stalls are in effect and enforced daily 9 a.m. to 7 p.m. Monday – Sunday. Parking map below for your reference; everything you need to know about parking:

THE RIDE

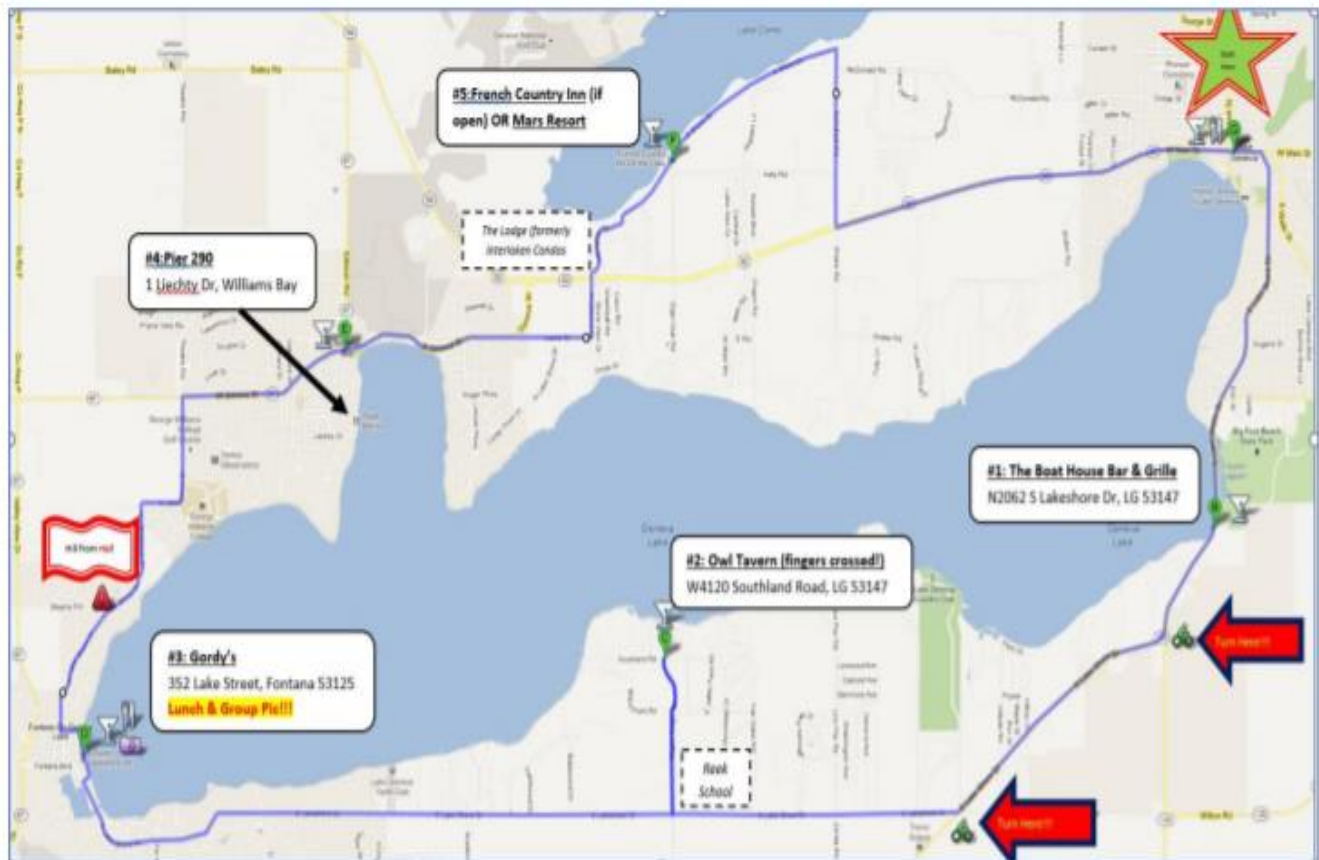

- The ride is approximately **21 miles** along a **rolling landscape**: some of the landscape is gentle, a small bit of it is not, all of it makes for a fun ride.
- There are **5 pubs** for us to rest our pedals – although we try to stop at them all, the total number of stops is a *fluid* evaluation of the fun had at each stop. Yet the pub and lunch stops this year may depend on the virus situation — latest details to be shared in Sept newsletter.
- The **ANNUAL GROUP PICTURE** will be taken in front of the lake at Gordy's.
- **We end the day ~6:30p at a restaurant** for dinner and chuckles of the day's events.

ACTIVITY RECAP

N NE & W NE Event Recap

We had a great turnout for this event; 35 Ibex several non-Ibex friends enjoyed golfing 9-holes at Bittersweet Golf Course in Gurnee, IL. The format was a “shotgun” start (meaning that each foursome started at a pre-assigned hole at the same time) and “best ball” (meaning that each person within the foursome hit the ball and then person hit again from the best location). The setting was beautiful and the groups had lots of laughs due to errant shots, misplaced balls, wine & Zombie Punch @ various holes, and impending darkness. Sarah S put a stop to Ed indulging in just 1 more Zombie Punch...

Appetizers were served once folks were done golfing. Awards were given in order with the top foursomes a.k.a. “ringers” first then descending from there. Everyone won something (gift certificates to Bittersweet or their sister course, Heather Ridge) so it looks like more golf is likely!

Since a picture is worth a thousand words, here are some photos from the event!

CMSC UPDATES

CMSC Board, Members and Clubs,

Our training center has seen an increase in new athletes. We currently have 25-30 kids on our small hills (5-25m) that's as many as I've seen in my 15 years with the club. Great problem to have and we want the trend to continue! We strive to update and maintain our facilities and equipment to the highest level, these goals go directly to the attraction, retention and safety our athletes.

We are in need of updating and adding to our equipment. We do our best to supply our junior athletes with skis, boots, and bindings. All of our equipment is sourced in Europe, and is difficult for new families to acquire on their own. It's a great benefit to our athletes and families to have quality equipment in house, without this equipment it is doubtful we would be able to attract and retain kids in the program.

With your help we will buy new equipment that is much safer for our juniors. Please consider making a donation, the CMSC board has generously agreed to match funds up to \$2500 raised from CMSC's member clubs.

Let's keep the Olympic dreams alive for the next generation.

Donation options: Go to our website www.norgeskiclub.com and use the PayPal button (can use credit card), Checks can be sent to: Norge Ski Club, PO Box 31, Fox River Grove IL 60021.

Please ad note in PayPal, or memo on check "CMSC fundraiser".
